CASE NO. C18-25198

On 12/23/18, the Fond du Lac Police Department requested assistance from the Sheboygan Police Department as part of the Regional Response Team to investigate the in-custody death of Christopher L. Cary age 37. The investigation was completed and was referred to the Fond du Lac County District Attorney's Office for review. On 02/07/19, the District Attorney issued a ruling that the death of Mr. Cary occurred through his voluntary ingestion of cocaine during a lawful traffic stop. The investigation further revealed that Mr. Cary died of "acute cocaine toxicity". A detailed summary of the investigation has been posted on the Sheboygan Police Department website under "Latest News" at <http://sheboyganpolice.com/>.
